Mooresville Schools

When Winter Weather Strikes

This week's bitter cold created some tough conditions for schools across Indiana, including North Madison Elementary, which experienced a water pipe burst due to cold conditions and the Education Center, which experienced a blown transformer.

Thanks to the hard work of school maintenance staff and custodians, as well as local contractors, neither of these issues caused an interruption in our students' education.

As a reminder, the snow make-up day for Jan. 30 will be Thursday, May 23. If any additional snow days are needed, they will be added at the end of the school year.

Any families which didn't receive telephone or text notifications of the school delay or closure should be sure to update their contact information in Skyward.
