Superintendent's Message Caring for Our Students

One of the most important things our staff does every day is care for our students.

Randy Taylor

Last week we were saddened to learn that one of our precious students, fifth grader Josalyn Baker, lost her courageous battle with cancer. We are honored to have known Josalyn and her beautiful smile. Our hearts go out to everyone who cared for her. We are incredibly thankful to the staff and counselors from around our schools who have been caring for all of the North Madison students this week. *Continued on p. 3*

Taking Learning Outdoors

The arrival of spring weather means students across the district have been taking part in lessons outside classroom walls. These lessons include educational field trips over the past few weeks to Camp Dellwood and Bradford Woods.

Caring for Our Students

Continued from p. 1

We also continue to be deeply shocked and saddened by the events that occurred at the Covenant School in Nashville, Tennessee, as well as other schools across the country. Please know that, if your child has questions or concerns about this tragic event, our counselors are ready to assist. We encourage students to speak with a counselor or another trusted adult if they need any help.

Additionally, we want to assure you that the safety of our students is our top priority. We are constantly reviewing our security measures to ensure that we are doing everything we can to protect our students and staff. We also urge everyone to speak up if they see or hear anything that could represent a potential threat to school safety.

We will continue our important focus caring for the mental, emotional, and physical wellbeing of our students. Thank you for your support of our students, staff, and schools.

Summer Sports Camps
